This is pretty serious stuff! I think it's about time we stop paying them. Let's discuss.

I would like to inform you of a meeting that one of our contacts, a financial promoter of Citibank in Forli' has recently had with Peter Siegenthaler, Director at PBCS in Zurich.

He was talking to them as he also allocates to products outside Citigroup that are wrapped in an insurance policy.

Peter was presenting an asset allocation of CS, and when asked what he thought of Fairfield Sentry and the FGG funds, his reply was that CS would never do business with FGG as a firm as they believe we are not going "by the rules"

and soon or later we will end up in jail!!

My contact was made to believe that peter is head of PB in Zurich, though I cannot confirm his position.

Regards
